## North Carolina Industrial Commission

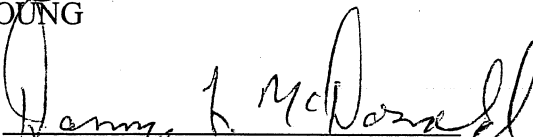

### MINUTES

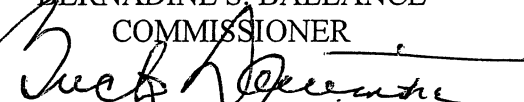

In recognition of recent gas price increases, the Industrial Commission hereby adopts as the mileage reimbursement for medical travel the same amount per mile as is in effect for mileage rates for use of a car for business purposes as set by the Internal Revenue Service. Pursuant to N.C. Gen. Stat. §§ 97-25 and 97-81(a) and in order to keep the Industrial Commission's medical mileage reimbursement rate as reflective of actual cost as possible, from July 1, 2008 through December 31, 2008, that rate is 58.5 cents per mile. The Industrial Commission's Form 25T Itemized Statement of Charges for Travel is also amended to reflect the linkage between the IRS business mileage rate and the NCIC medical mileage rate.

This 30<sup>th</sup> day of June 2008.
